

AmeriCorps State & National Review of Tribal Investments 2005 – 2018

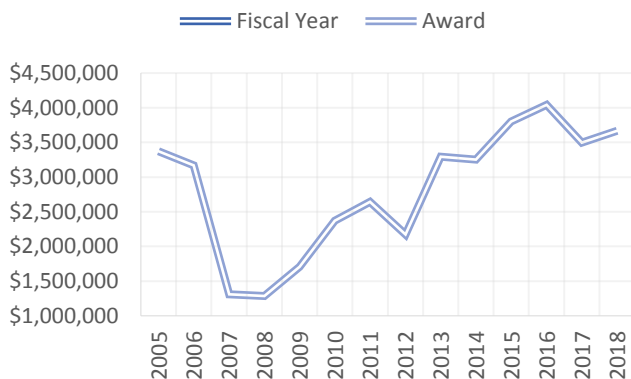

- Compared to its tribal investment five years ago (FY13), AmeriCorps State & National's tribal investment has increased by 11% in FY2018.
- Since FY2017, AmeriCorps funding to tribal organizations has increased by 5% and the number of member service opportunities has increased by 8%.
- Beyond its direct investment in tribal projects, AmeriCorps supports member service at dozens of additional sites across the country that are located in census-designated American Indian, Alaska Native, and Native Hawaiian Areas but that are associated with non-tribal project sponsors. In FY2018, this equated to an additional 125 unduplicated service locations and 514 members beyond those listed in the AmeriCorps investment chart below.
